

SAVE SIBLEY PRAIRIE COALITION

Within a few hundred feet of busy Telegraph Road, one could be surrounded by a magical garden of asters, goldenrods, lupine, ironweed, milkweeds, mountain mint, coreopsis, Indian plantain, prairie dock, lobelia, and many more, within a matrix of tall Indian grass, cord grass, and big bluestem. A gardener's delight, emulated in many of the most famous botanical gardens. Please help save this from the bulldozers!
